INSTRUCTORS

Vishnu Vijayan Founder of Nixie_Bytes Security Team - R & D Associates Cyfosis Cyber Solutions 8075840544 ceo@cyfosis.com

ABOUT

The Offensive Security Certified Professional(OSCP) is a well-respected ethical hacking certification offered by Offensive Security, a company that specializes in penetration testing training and certifications. Offensive Security offers several certifications but the OSCP is probably one of the most well-known. From this Bootcamp we are focus on to crack OSCP like box Kioptrix . Kioptrix boot-to-root VM is well known as a good starter vulnerable machine for hacking challenges. This is especially true for persons looking to pursue the OSCP certification, as it is considered to be beginner friendly.

ETHICAL HACKING METHODOLOGY

- Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data
- Ethical hackers are security experts that perform these assessments.
- Ethical hackers use their knowledge to secure and improve the technology of organizations.
- An ethical hacker should have a wide range of computer skills. They often specialize, becoming subject matter experts (SME) on a particular area within the ethical hacking domain.

PREREQUISITES

- Expertise in scripting languages.
- Proficiency in operating systems.
- A thorough knowledge of networking.
- A solid foundation in the principles of information security.

HIGHLIGHTS OF THE EVENT

- Welcome address was delivered by Soorya G, Asst. Chief Executive Officer, AO Dept.
- Keynote address by **Ms. G. Keerthana Krishnan**, Assistant Nodal Officer(RIEDC)/Assistant Professor Engineering, Aeronautical Engineering and **Mr. Sangeeth S**, Assistant Nodal Officer(RIEDC)/Assistant Professor Engineering, electronics and communication engineering.
- Mentoring class on “Ethical Hacking” by **Vishnu Vijayan** , Founder of Nixie_Bytes Security Team - R & D Associates Cyfosis Cyber Solutions.
- Vote of address was delivered by Soorya G, Asst. Chief Executive Officer, AO Dept.

The attendees for *ETHICAL HACKING*

PARTICIPATION CERTIFICATE

The certificate is a rectangular document with a light blue background and a subtle circular pattern. It features a decorative border on the left and right sides, composed of blue and gold geometric shapes. At the top left, there is a logo for Rajadhani Institute of Engineering and Technology (RIET) and its name. To the right of this, there are logos for IEDC, IPI, and Startup Mission. The main title 'CERTIFICATE OF PARTICIPATION' is centered in a large, bold, blue font. Below the title, the text 'THIS CERTIFICATE IS PROUDLY PRESENTED TO:' is followed by a line for the recipient's name, starting with 'MR. / MS.'. The next line describes the participation: 'has shown an active participation and completion of the 5 day bootcamp / workshop on Introduction to Offensive Security Certified Professional organized by Innovation and Entrepreneurship Development Cell (IEDC), Rajadhani Institute of Engineering and Technology from the date 01st - 05th, Nov 2021.' At the bottom, there are two signature lines. The left one is for the Principal, RIET, Dr. S. Suresh Babu, and the right one is for the IEDC Nodal Officer, RIET, Ms. Keerthana Krishnan.

ABOUT

Finding a career into the booming EV sector by exploring this new found trending technology by joining the expert talk on “Revolutions and Advancements in e-Vehicles”, with our special guest Dr. Dishore Shunmughan Vanaja, HOD, EEE Department at RIET Trivandrum and hosted by Rajadhani Innovation and Entrepreneurship (RIEDC). Participants were also provided with an additional course certificate in depth understanding on EV career prospects.

The event was conducted on 23rd October 2021 at 2pm to 3pm on the Google meet platform.

FEATURES:

- Session showcased a clear introduction to e-Vehicles
- Gave an overview of the revolution of the automotive industry across the world
- Aimed both to promote EV adoption and environmental advantages
- main components of electric vehicles (EV) and the evolution of technologies used in them were explained
- scientific papers and inventions of the event coordinator was shared

HIGHLIGHTS:

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "1968 – Great Electric Car Race". The slide features a map of the United States with a route from San Francisco, California to Los Angeles, California. Below the map, the text reads: "Trans-continental race between MIT and Caltech", "53 charging stations, spaced 60 mi apart", and "MIT's car used \$20k of NiCd batteries (\$122k in 2008 dollars), CalTech's cost \$600". The slide footer includes the date "10/23/2021", the title "Revolution & Advances in e-VEHICLES", and the page number "29". The Zoom interface shows a grid of participants on the right, including "hod eee", "Neeraj Rahul", "Ayisha Hiba", "BIBIN BIJU", "IEDC RIET", "Sangeeth S", "31 others", and "You". The top bar indicates "REC" and "hod eee is presenting". The bottom bar shows the time "2:38 PM" and the ID "bvn-fpwh-eet".

Dr. Dishore's presentation on the topic

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Decline". The slide features a photograph of a man in a suit, identified as Charles Kettering. The text on the slide reads: "Gasoline cars became even easier to operate with the invention of the electric starter by Charles Kettering in 1912". The slide footer includes the date "10/23/2021", the title "Revolution & Advances in e-VEHICLES", and the page number "26". The Zoom interface shows a grid of participants on the right, including "hod eee", "Neeraj Rahul", "Ayisha Hiba", "ABHIYA AS", "IEDC RIET", "avarachan k.p", "30 others", and "You". The top bar indicates "REC" and "hod eee is presenting". The bottom bar shows the time "2:38 PM" and the ID "bvn-fpwh-eet".

REC hod eee is presenting

Actual Vehicle

- Steam cars** - water preheating, amount of water
- Internal Combustion Engine based cars** - noise, difficulty in starting
- Electric cars** - short driving range, poor battery performance

The diagram shows a timeline of vehicle evolution. It starts with 'Steam cars' around 1920, followed by 'IC engine based cars' around 1920, and then 'Electric cars' around 1910-1925. A modern car is shown at the end of the timeline, labeled '(1990 -)'. The timeline is divided into three sections: 'Steam cars', 'IC engine based cars', and 'Electric cars'. The date '10/23/2021' is shown at the bottom left, and the title 'Revolution & Advances in e-VEHICLES' is at the bottom center. The page number '8' is at the bottom right.

ABOUT

The webinar provides a complete guidance for financial, tax planning and investing for a peaceful retirement. Advisors Organization is a leading training & consultant firm based in India. The training, program allows students to strengthen those skills that each needs to improve, which are not taught in Technical course.

Features:

- An insight to financial terms and different entities
- Guidance on how to build a good and stable financial future starting now
- Examples and methodologies of different business approaches and setups are explained

Highlights:

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "Think of a Chess Board as a company" with logos for BSE and KRISHA. The slide content includes a chessboard image and three text boxes: "64 squares are 64 shares", "If each square is worth Rupee 1, the value of company is Rs. 64", and "Tell me, how much money do you need to buy 50% of the company?". A small video window shows Ms. Daksha Gogia. The right sidebar lists 46 participants, including Advisors.org (Host), Daksha Gogia (Co-host), and various other attendees. The bottom toolbar shows standard Zoom controls like Unmute, Start Video, Security, Participants, Chat, Share Screen, and End.

Ms. Daksha Gogia's presentation

The screenshot shows a Zoom meeting interface. The main window displays a presentation slide titled "What is the source of their wealth?" with logos for BSE and KRISHA. The slide content includes the text: "Ownership of their Businesses? or something else." and "Ownership of business is reflected in the number of shares one owns". A small video window shows Ms. Daksha Gogia. The right sidebar lists 48 participants, including Advisors.org (Host), Daksha Gogia (Co-host), and various other attendees. The bottom toolbar shows standard Zoom controls like Unmute, Start Video, Security, Participants, Chat, Share Screen, and End.

The screenshot shows a Zoom meeting interface. On the left, a grid of 20 participant tiles is displayed in a 4x5 layout. The tiles are as follows:

	Advisors org	Nabeesa S	sulthana shajahan	NANDHU JYOTHI
		Team	Abin NB	Aayisha Salim
	R.S Akhila	Aravind JS	Karthika P	
		Ikbal Badar	Jasmine jolly	
JASEER SIYAN		Najma Shiji	NEJASH ANIL	Sanjay Sabu

On the right side, a 'Participants (40)' list is visible, showing a search bar and a list of names with status icons. The names listed are:

- Advisors org (Host, me)
- Daksha Gogia (Co-host)
- Aashi Babu
- Aayisha Salim

ABOUT

- The webinar on the Internet of Things (IoT) provided an introduction to this rapidly-evolving technology and its various applications.
- The speakers discussed the key concepts and components of the IoT, including connected devices, sensors, and data analytics.
- The webinar covered a range of industries where the IoT is being used, including healthcare, transportation, and agriculture.
- The speakers also touched on the potential challenges and ethical considerations involved in implementing IoT solutions.
- Overall, the webinar provided a comprehensive overview of the IoT and its impact on various sectors, and gave attendees a solid foundation for further exploration of this technology.

ABOUT

How to design a perfect 12 slide pitch deck to present it before the investors! How to incorporate info-graphics and perfect market insights in our presentation.

A Sleek and impressive pitch deck is an absolutely essential part of the process of any start-up that's looking to raise funding by joining the expert talk on "How to Design pitch deck", with our special guest Deepu Sajeev, Head-Corporate Relations & Placement, AO Department at RIET Trivandrum and hosted by Rajadhani Innovation and Entrepreneurship (RIEDC). Participants were also provided with an additional course certificate in depth understanding to raise funding for their start-up. The event was conducted on 12th November 2021 at 7pm to 8pm on the Google meet platform.

HIGHLIGHTS:

- Session showcased a clear introduction to Design pitching
- Gave an overview of developing skills to future entrepreneurs and innovators
- Aimed to promote budding entrepreneurs
- Key Institutes/Organisation that provides funding
- Industrial experiences of the event coordinator

Deepu Sajeew's presentation on the topic

REC Deepu Sajeew is presenting

FIRST THINGS FIRST !

- **Keep it concise:** As VC Iskender Dirik notes, "The attention span of a VC is even shorter than you might think. Be as striking, simple and short as possible."
- **Engage your audience:** Keep the investors/audiences eyes on your pitch.
- **Know what you're talking about:** You need to truly understand the behind-the-scenes of your business, know your market and understand your users.

Startup Awareness and Leadership Training (SALT) Program

Kerala Startup Mission (KSUM) in association with Innovation and Entrepreneurship Development Cell's (IEDC) across the state aims to create awareness about entrepreneurship opportunities among school students. The Startup Awareness and Leadership Training (SALT) Program is envisaged to cover the basics of Entrepreneurship, Leadership, Innovation, Personality Development & Communication skills. It is specifically designed for students of 9th & 11th..

From Trivandrum District, we are one among the 3 colleges selected by KSUM for the implementation of Startup Awareness and Leadership Training **(SALT) Program**. On 18th December, Saturday at Kerala Science & Technology Museum and Priyadarshini Planetarium, Trivandrum, a mentoring session of Startup Awareness and Leadership Training (SALT) Program was given for the nominated IEDC students from the selected colleges.
